

What You'll Learn

Granite® GR herbicide

Watergrass and broadleaves are DEAD IN THE WATER with "sequential" programs - Cerano or Bolero - followed by Granite GR. We'll discuss those programs

Granite® SC herbicide

Review ground and air programs, and tank mix combinations that worked in 2010. Recs for "early" and "late" applications.

Grandstand® CA herbicide

How do I tank mix? Let me count the ways.

Stam, SuperWham herbicides

UPI recently acquired RiceCo, bringing all the propanil expertise under one roof. We'll have those experts here.

Clincher® CA herbicide

Aerial application update, including "fly zones."

MANDATORY CLINCHER GROUND RIG TRAINING

Training is required for growers and custom applicators applying Clincher CA by ground in 2011. This meeting provides that training.

Special Speaker

Tim Johnson, President/CEO of the CA Rice Commission.
"Key regulatory and policy issues facing California rice in the next five years"
